

**LIMITED WARRANTY
HOT WATER STORAGE TANKS
A.S.M.E. CODE CONSTRUCTION**

SCOPE OF WARRANTY :

Raypak, Inc. ("Raypak") warrants that this Hot Water Storage Tank will be free from defects in materials and workmanship under normal use and service for the specified warranty periods from the date of the original installation and subject to the conditions and exclusions set forth in this warranty. The replacement or repaired tank will be warranted for the balance of the original warranty period.

IMPORTANT NOTICE:

Incorrect installation will cause rapid failure of water tanks due to electrolysis. It is vital that this risk is reduced by the use of dielectric connectors at all connections to the tank (including the relief valve and the drain valve connections), isolation of the tank supports, and regular anode servicing. Installers must maintain tank following the correct procedures.

WARRANTY PERIODS:

- Five (5) Years—Tank lining: Glass lined tanks continuously equipped with magnesium anodes and functioning dielectric fittings: Cement lined tanks.
- One (1) Year: All other parts of glass lined and cement tanks. Epoxy lined tanks installed with functioning dielectric fittings.

WARRANTY EXCLUSIONS:

This warranty does not cover failures, defects, or malfunctions if:

1. Due to failure to properly install, operate or maintain the tank in accordance with the manufacturer's instructions.
2. Due to abuse, alteration, accident, fire, flood, earthquake or other natural disasters.
3. Any defect or damage caused by operating the unit with anode removed or disintegrated.
4. The tank is operated at water temperatures exceeding the maximum setting of the operating and/or high limit control, or the storage tank is not supplied with potable water free to circulate at all times or is subjected to pressures greater than those shown on the rating plate, which must not be altered, defaced or removed.
5. Installation outside the United States of America or not installed in accordance with Local Codes, Ordinances and good trade practices.
6. Relocation from original installation location.

LABOR CHARGES:

This warranty does not cover any labor expenses for service, removal or reinstallation. All such expenses are the owner's responsibility.

SHIPPING COSTS:

Raypak will pay the transportation costs for shipping the replacement tank to the site of original installation. Any costs for return of the replaced item will be your responsibility.

TO MAKE WARRANTY CLAIM:

Promptly notify the original installer, supplying the model and serial numbers of the unit, date of installation and description of the problem. The installer must then notify his Raypak distributor for instructions regarding the claim. If either is not available, contact SERVICE MANAGER, RAYPAK, INC., 2151 EASTMAN AVENUE OXNARD, CA 93030 OR CALL (805) 278-5300. In all cases, proper authorization must first be received from Raypak before replacement of any part. Any replaced part must be made available to Raypak in exchange for the replacement.

EXCLUSIVE WARRANTY - LIMITATION OF LIABILITY:

This is the only warranty given by Raypak. No one is authorized to make any other warranties on Raypak's behalf. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. RAYPAK'S SOLE LIABILITY AND THE SOLE REMEDY AGAINST RAYPAK WITH RESPECT TO DEFECTIVE TANKS SHALL BE AS PROVIDED IN THIS WARRANTY. IT IS AGREED THAT RAYPAK SHALL HAVE NO LIABILITY, WHETHER UNDER THIS WARRANTY, OR IN CONTRACT, TORT, NEGLIGENCE OR OTHERWISE, FOR ANY SPECIAL, CONSEQUENTIAL, OR INCIDENTAL DAMAGE, INCLUDING DAMAGE FROM WATER LEAKAGE. Some states do not allow limitations on how long an implied warranty lasts, or for the exclusion of incidental or consequential damages. So the above limitation or exclusion may not apply to you.

This Limited Warranty gives you specific legal rights. You may also have other rights which may vary from state to state. We suggest that you complete the information below and retain this certificate in the event warranty service is needed. Reasonable proof of the effective date of the warranty (date of installation) must be presented, otherwise, the effective date will be based on the date of manufacture plus thirty (30) days.
